Triple H - Good People. The house Triple H built for us was our third Custom built home. In comparison with the other contractors we have dealt with, Triple H were easily the best. The staff, particularly Mike Hill, were knowledgeable, understanding and generally easy to deal with. Construction was on time and on budget, an achievement during the current busy times. We are delighted with the final results and thankful to have found such an honest contractor. We certainly have no hesitation in recommending Triple H.
